Description

Fugawi Guidebook Vol. 1 Routes CD

This CD contains all 58 routes in the guidebook Vol. 1 ready for upload to your GPS, so that you do not have to punch in the waypoints and construct your own routes. This saves time and insures each waypoint is accurate. You must have Fugawi software in order to use this CD. We do not ship Route CD's without a guidebook purchase; the two go together to insure a safe trip on the right path!
